

Thank you for downloading this file. If you would like further information on water jetting visit the [Lydia Frenzel Conference Series](#).

The [Advisory Council](#) is a nonprofit, privately funded membership organization that provides a forum for dialogue and the dissemination of information pertaining to the economic and social effects of technological development throughout the world.

The Council solicits and makes available pertinent information from both private and public sources, seeks expression of points of view from all who may wish to contribute, advances consensus opinions and selected issues of standards and standards organizations, develops networking to match speaking and information resources with the needs and demands of the community, and promotes specific seminars and symposia.

A Primary Mission of the Council is to promote effective means of surface preparation in the maintenance industry using water and water/abrasive blasting techniques.

This mission is viewed as important because the conservation of resources, particularly the public infrastructure, has a significant and long lasting economic impact on the well-being of every citizen.

The Advisory Council is a sponsor of the *Lydia Frenzel Conference Series*.
